

Cut the strings

If Israel's Benjamin Netanyahu doesn't want the U.S. to interfere in his business, the solution is simple: Refuse the \$3-plus billion the United States sends to Israel for arms, and he will be left alone. You don't get something for nothing. And, by the way, you cannot have an Israeli democracy and an Israeli occupation at the same time. Something has to give, and it is democracy. By the way, I am Jewish, and criticizing Israel's right-wing government does not make me antisemitic. It shows my concern for Israel, which I fear is becoming a rogue nation. Once we were slaves in Egypt. Why are we recapitulating history?
